Glam

Ready to make a grand entrance at home? Then let's bring the curtain up on glitz and glamour, spectacular effects and glorious moments. The Glam collection has a bit more of everything: block stripes with shimmer particles, for instance, and 70s patterns with a deluxe touch. The designs look stylish and sophisticated, but never overdone. Large-format floral ornamentation also creates a chic effect, in silver, pale gold and sparkling taupe. Classy colours like midnight blue and anthracite provide striking contrasts. Of course, these feature a touch of lustre, too, your giving walls a utterly distinctive look.
