Poetry II

Do you simply adore fine fabrics, natural designs and discreet luxury? If so, why not take it all home with you! The repertoire of the Poetry II collection features a wide range of designs that are artistic and uncluttered – whether casual or elegant, in soft natural tones or striking petrol. Reading between the wallpaper lines you'll discover delicate leaf silhouettes, golden shimmers and woven-in ornaments. There's also a clear block stripe and colourful parrot motifs. Wonderfully inspiring!
